Ask your Athletes to update their EMS Athlete Profile

The EMS Athlete Profile offers a variety of information an Athletes. Currently there are available: Contact address, phone number, email address, emergency contact (important for minors), social media links (Facebook, Twitter, Instagram, YouTube), CV information, etc.

In the section “**Identity: Athlete > Athlete’s Information**” of the Profile page, an Athlete can also share information like Started Skiing, First Competition, Favourite Discipline, Hobbies, Sponsors, etc. and upload 4 action pictures and 1 portrait. Please ask your Athletes to complete their EMS Profile. This information is useful for the speakers at competitions and certainly also interesting for the public.

Add attachments, bulletins, pictures and logos in EMS

Any document added to EMS should not exceed 3MB. Site pictures, competition logos and athletes pictures in the Athlete profile should be .jpg files, preferably **landscape format** (Athlete's portraits can be in portrait format).
